

# Holmen Area Community Center Business Sponsorship Program

Welcome to the Holmen Area Community Center. For 14 years, "HACC" was an idea, a tireless effort of dedicated community members. As of September 2020, we are now a thriving community space where all can learn, grow, and connect. HACC aims to meet the needs of the community by providing adult, senior, family, and intergenerational programming. This is only possible with the support of individuals and organizations like yours. All funding received through our HACC Business Sponsorship Program will be used, unless given directive, for expanding programming materials and opportunities, providing for member scholarships, and other HACC operations.
