HOLMEN AREA COMMUNITY CENTER

BOYS & GIRLS CLUBS OF GREATER LA CROSSE

School District of Holmen

## It Began with a Dream

In 2005 the community of Holmen took a step back to take a closer look at the needs of our youth. Careful listening, honest conversations and an analysis of current offerings in our community led to the realization that there was a need for a safe and productive place for our young people to gather. Holmen was one of the few communities in this part of the state that had no such place.

After years of unfailing dedication and commitment, a partnership involving the Boys and Girls Club of Greater La Crosse, the Holmen Area Community Center and the School District of Holmen was forged. After years of planning and gathering community support, a small group of determined citizens devised a workable plan that not only provides a needed space for our youth, but also a facility that would create meaningful intergenerational connections through purposeful programming.

This three-way partnership is unique and serves one of the fastest growing communities in the state of Wisconsin.

## Support to Continue

We hope you will consider supporting the Holmen Area Community Center (HACC) as our new organization grows and thrives. HACC depends on a variety of charitable support, memberships, program fees, and rental fees to continue to provide intergenerational opportunities, education and supportive programming to our community.

We hope that your support will help us to meet our mission while investing in a model for other communities to follow. Connecting generations in a climate of hospitality builds a fabric of stability and citizenship. Strong communities work together to strengthen and support all generations and cultures to help their community grow and flourish.
